

Jane Petra Scott | Master Long-Form CV (2008 – 2026)

Senior SAP Functional Analyst & Digital Architect

Location: Düsseldorf, Germany | **Languages:** English, Afrikaans, German (B1/B2)

Contact: +49 160 9501 5013 | 0000japs@gmail.com | [LinkedIn](#)

Executive Profile

Seasoned SAP Professional with over **16 years** of consulting and functional expertise across Retail, Public Sector, and Telecommunications. Recognized for leveraging SAP capabilities to streamline business operations and adapt technical landscapes at a global scale. Specialist in **SAP CAR (POSDTA), SAP IS-Retail, SAP SD, Fiori/UI5 Frontend, and Digital Supply Chain Modernization**. Proven track record in leading global template designs across Africa, Europe, USA, and APAC. Committed to building scalable, API-first architectures and leveraging HANA analytics to turn complex data into realized value.

Technical Expertise Matrix

SAP Core & Retail

- **Modules:** CARAB 5.0, S/4HANA Retail, POSDTA, SD (Sales & Distribution), Fiori/UI5 Frontend, PSRM (Public Sector Record Management), Case Management, IS-U (Utilities), IS-LUM (Land Use Management), CRM Interaction Centre, SAP HR (Position Management).
- **Specialized Areas:** Unified Demand Forecast (UDF), Real-Time Inventory Visibility, Goods Movement, Store Label Printing, Stock-take solutions, Omnichannel Commerce (Sixty60).

Integration & Data Engineering

- **Tools:** SAP BODS (Data Services), SAP PI/PO (Legacy), SAP BTP Services, SAP APIM (API Management).
- **Techniques:** ETL Development, HANA Calculation Views, IDoc processing, REST APIs, Batch Processing, Legacy Data Analysis & Migration Mapping.
- **Upstream/Downstream:** Retailx POS, GKPOS, SAP Hybris Marketing, SAP E-commerce Cloud, Blue Yonder, SAP ECC6, SAP BI.

Methodologies & Leadership

- **Frameworks:** Agile/Scrum (PSPO I), Prince2 Practitioner, ITIL 4 Strategic Leader, SDLC Management.
- **Tools:** Atlassian JIRA, SAP Solution Manager (SolMan), HPQC, SAP Signavio (Process Analysis), MS Visio, Inkscape.
- **Strategic:** Business Case Evaluation, Functional Requirements (L3/L4), Technical Writing, Pre-sales, Training & Facilitation.

Professional Experience

Senior Functional Consultant | ALDI DX (International)

Düsseldorf, Germany | July 2023 – Present

- **Global Template Implementation:** Harmonizing business processes and building country-specific legal requirements for the S/4HANA Global Template across a **24/7 retail landscape** (USA, GB/IE, Australia, Switzerland, Italy, Hungary, Slovenia), supporting global operations across time zones.
- **Process Engineering:** Utilized SAP Signavio to analyze L3/L4 cycles, identifying automation opportunities within the Order-to-Cash ecosystem.
- **FIT Modernization:** Spearheaded the migration of legacy SAP PI (SOAP) interfaces to a modern APIM REST architecture, enabling scalable cloud-native integrations.
- **Architectural Governance:** Ensuring performance, compliance, and future-proof design across global rollouts.

Senior Functional Analyst | The Shoprite Group

Cape Town, South Africa | Nov 2016 – July 2023

- **CAR & Retail Transformation:** Implemented and supported SAP CAR (POSDTA), Sales (SAP SD), and Inventory Visibility Analytics for **3000+ stores**. Led global **store roll-outs** and established comprehensive testing protocols within the **Test Centre of Excellence**, with a specialized focus on **POS Data Integration**.
- **AI-Driven Forecasting:** Implemented Unified Demand Forecast (UDF) on SAP CAR and architected the strategic interface to **Blue Yonder** for predictive inventory planning.
- **Unified Commerce (Sixty60):** Delivered real-time omnichannel inventory visibility via HANA analytics, powering the award-winning Sixty60 app.
- **Data Engineering:** Developed ETL processes with SAP BODS, managing data flows across Retailx, GKPOS, Hybris, and ECC6.
- **Loyalty & Subscriptions:** Built real-time data flows to SAP Hybris and integrated a Chargebee subscription API.

SAP Test Analyst | The Shoprite Group

Cape Town, South Africa | 2016 – 2017

- **SIT Management:** Led system integration testing for SAP CAR and SAP ECC implementations.
- **Store Procedures:** End-to-end testing of sales processing, goods movement, store label printing, and stock-take solutions.

Training Facilitator | EDRO

Cape Town, South Africa | June 2016 – Oct 2016

- **Robotics Training:** Facilitated classroom sessions for primary and secondary students, teaching coding logic through interactive robotics. Developed technical training materials.

Managing Partner / Director | C'Alliance Consulting (Holdings)

Cape Town, South Africa | May 2014 – June 2016

- **Product Innovation:** Spearheaded development of a custom Case/Records Management System for the SA market, adding "Google-like" search and enhanced classification to standard SAP.
- **Business Operations:** Full lifecycle management: business planning, financial governance (CIPC), banking setup, and shareholder agreements.
- **Client Relations:** Pre-sales documentation, partner presentations, and strategic resourcing.

SAP ECM Consultant | Datacentrix / NokusaEI

Perth, Australia / SA | Dec 2012 – May 2014

- **Project eDreams (Lotterywest):** Corporate initiative to replace HP TRIM with SAP PSRM for 200+ users.
- **Data Migration:** Legacy data analysis and migration mapping.
- **Content Management:** Customized SAP Netweaver Folder Management system focusing on usability.
- **Training:** Developed manuals and facilitated end-user training and awareness workshops.

SAP Functional Analyst & Project Coordinator | EOH

Johannesburg / Cape Town, SA | May 2010 – Nov 2012

- **Single Window of Social Assistance (City of Johannesburg):** Project Manager/Coordinator for a SAP CRM Case Management solution (SAPHILA 2011 Award for Innovation).
- **Transport Information Centre (City of Cape Town):** BA for a centralized call center dashboard integrating GABS, Metrorail, MyCiti, and Dial-a-Ride providers via SAP CRM Interaction Centre.
- **eClearance (City of Cape Town):** BA for automated rates clearance processing on PSRM Case Management, IS-U, and Land Use Management.
- **eHR Training Project (City of Cape Town):** Facilitator for SAP HR (Position Management) and Employee Interaction Centre training.

Turnkey Consultant / Project Coordinator | ZNIX Consulting

July 2009 – May 2010

- **Telecoms Infrastructure:** Logistical planning and administration for 2G/3G deployments across Africa (Ericsson/MTN).
- **Administration:** Consultant resourcing, payroll management, and logistical coordination for deployed engineers.

Customer Relationship Consultant | Lu by Lolita

July 2008 – July 2009

- **Client Relations:** Establishing and maintaining high-quality customer relationships.

Education & Certifications
