

Jane Petra Scott | Professional Project List & References

Düsseldorf, Germany | [+49 160 9501 5013](tel:+4916095015013) / [+27 65 848 5046](tel:+27658485046) | 0000japs@gmail.com | [LinkedIn](#)

This document provides a detailed overview of key implementations, my specific roles, and verified professional references for each project.

1. S/4HANA Global Template Rollout | ALDI DX (International)

- **Project Overview:** Harmonizing business processes and building country-specific legal requirements for the S/4HANA Global Template across a **24/7 retail landscape** (US, GB/IE, Australia, Switzerland, Italy, Hungary, and Slovenia), supporting global operations across time zones. Spearheaded the migration of legacy SAP PI (SOAP) interfaces to a modern APIM REST architecture.

- **Role:** Senior Functional Consultant

- **References:** **Vinod Bhagat** | [LinkedIn Profile](#) / **Daniel Hederington** | [LinkedIn Profile](#)

2. Unified Demand Forecast (UDF) & Blue Yonder | Shoprite Group

- **Project Overview:** Implementing Unified Demand Forecast (UDF) on SAP CAR and architecting the strategic interface to Blue Yonder for predictive inventory planning across the African retail landscape.

- **Role:** Senior Functional Analyst

- **Reference:** **Henk Brand** | Programme Manager | [LinkedIn Profile](#)

3. Sixty60 Unified Commerce | Shoprite Group

- **Project Overview:** Delivering real-time omnichannel inventory visibility via HANA analytics to power the award-winning Sixty60 grocery app, ensuring accurate stock levels for on-demand delivery.

- **Role:** Senior Functional Analyst

- **Reference:** **Andy Millar** | Team Leader | [LinkedIn Profile](#)

4. Global SAP CAR & SD Implementation | Shoprite Group

- **Project Overview:** Implementing, enhancing, and supporting SAP CAR (POSDTA) and SAP SD processes across **3000+ trading stores**. Managed global **store roll-outs** and comprehensive end-to-end quality assurance within the **Test Centre of Excellence**. Focus on **POS Data Integration**, stock movement, goods movement, and inventory visibility analytics.
- **Role:** Senior Functional Analyst
- **References:** **Ravi Mugi** | Test Centre of Excellence | [LinkedIn Profile](#) / **Arnold Okkenburg (PMP)** | Senior Project Manager | [LinkedIn Profile](#)

5. Case/Records Management Product | C'Alliance Consulting

- **Project Overview:** Product development of a custom Case/Public Sector Records Management System tailored for the South African industry, featuring enhanced "Google-like" search and classification within SAP.
- **Role:** Managing Partner / Product Owner
- **Reference:** **Andreas Foertsch** | Managing Partner | [LinkedIn Profile](#)

6. eClearance Automated Rates Processing | City of Cape Town

- **Project Overview:** Developed an online application for automated rates clearance processing on SAP Case Management, integrating PSRM, Land Use Management, and IS-U modules.
- **Role:** CRM Business Analyst
- **Reference:** **Andreas Foertsch** | Lead Developer | [LinkedIn Profile](#)

7. TIC Rewrite (Transport Information Centre) | City of Cape Town

- **Project Overview:** A centralized call center for all public transport service providers (GABS, Metrorail, MyCiti, etc.) operating within the city, integrating various providers via SAP CRM.
- **Role:** CRM Business Analyst
- **Reference:** **Brett Cateley** | Project Manager | [LinkedIn Profile](#)

8. Single Window of Social Assistance | City of Johannesburg

- **Project Overview:** Established a single view of a citizen for social assistance services. Project recognized at SAPHILA 2011 for innovation in the Public Sector.
- **Role:** Project Manager / Coordinator
- **References:** **Sunil Sooful** | Mentor | [LinkedIn Profile](#) / **Jak Koseff** | Commissioner | [LinkedIn Profile](#)

9. eHR Training & Facilitation | City of Cape Town

- **Project Overview:** Facilitating SAP end-user training and development of technical manuals for SAP HR modules, Position Management, and Employee Interaction Centre.
- **Role:** SAP Trainer / Facilitator
- **Reference:** Rutendo Dumbutshena | Change Manager | [LinkedIn Profile](#)

10. Turnkey 2G/3G African Deployments | Ericsson / ZNIX Consulting

- **Project Overview:** Logistical planning and project administration for 2G/3G network deployments across Africa for major providers including MTN.
- **Role:** Project Coordinator
- **Reference:** Raymond Zhou | Lead Engineer | [LinkedIn Profile](#)
